- Basic Black 3/8 Scalloped Edge ribbon: 9 ½"
- Basic Black cs: 4 punched circles for handles

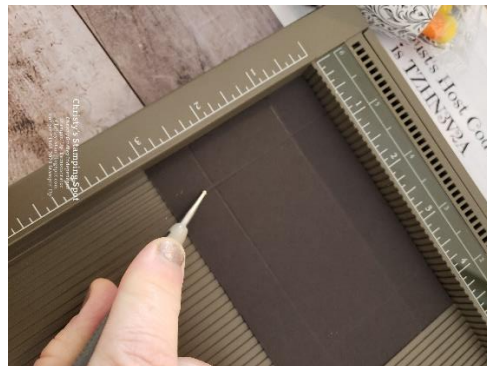

12 Weeks of Halloween

Week 1 – Spooky Tote

Instructions:

1. Cut the Basic Black cs base and then use the Simply Scored Scoring tool to score at $\frac{3}{4}$ " around all sides.
2. Use Paper Snips to cut along the 4 score lines to create the flaps.
3. Add Tear & Tape to the flaps.
4. Build the tote base – remove the tape and folding the flaps to create the corners of the tote base.

12 Weeks of Halloween

Week 1 – Spooky Tote

5. Cut the DSP body. Add Tear & Tape to the bottom edge and one side – be sure that if you have images that they are going the right direction.

6. Remove the bottom edge tape backing and then carefully wrap the DSP around the bottom edge of the tote base.

7. Remove the side tape backing and finish forming the tote body.

12 Weeks of Halloween

Week 1 – Spooky Tote

8. Cut the Basic Black cs bottom edge strip and add Tear & Tape to the whole strip.

9. Lining the strip up on the DSP body seam- gently wrap the Basic Black cs strip at the bottom of the tote base over the DSP.

10. Cut the piece of Basic Black Scalloped Edge ribbon and add Tear & Tape.

11. Starting on the seam (so they all line up)- gently wrap the ribbon around the tote body overlapping the Basic Black cs strip and the DSP seam.

12. Use the 1½” Punch to punch out the handle notch out of the DSP body – less than half.

12 Weeks of Halloween

Week 1 – Spooky Tote

13. Use the punched piece as a template to punch out the notch on the other side so they match.

14. Create the handles by first punching the 1 1/2" circle punch out of Basic Black cs. Then center the punched circle in the Basic Black cs with the 2" circle punch and then punch out the handle. Make 4.

15. Use glue to attach the handles to the DSP body of the tote – making sure that you can't see the DSP and that the 2 punched handles that are glued together line up.
