## Project Recipe:

1. Start with a Bumblebee cs card base. Cut a Ornate Garden Specialty DSP panel, wrap it with a piece of Whisper White Faux Linen Ribbon (from the Flowers for Every Season ribbon combo pack) & Bumblebee In Color ribbon using Stampin' Seal to secure the ends on the back of the panel, and then glue the wrapped panel to the card base.

2. Die cut out a Whisper White cs frame with the Ornate Layers dies. I used my Take A Pick tool and Die Brush tip to remove all the pieces from the delicate frame. I stamped the sentiment from the Healing Hugs stamp set in Mossy Meadow ink at the bottom of the frame. I stamped the daisy image from the Ornate Style stamp set in Mossy Meadow ink centered above the sentiment. Color the flower with Stampin' Blends. Apply the Shimmery Crystal Effects to the center of the flower and use the tip of your Take A Pick tool paper piercer to drag a small amount of Shimmery Crystal Effects in lines to the petals. Once dry, add the frame to the center of the card front with Stampin' Dimensionals.

3. Don't forget to add a Whisper White cs inside panel to write your message. I stamped the sentiment from the Healing Hugs stamp set in Mossy Meadow ink and added a strip of DSP to the inside and back of the card to pull the theme through.
