Project Recipe:

1. Start with a Rococo Rose cs card base. Cut an Ornate Garden DSP panel and use glue to add it to the card base. Cut a Bumblebee cs panel and glue it off center to the right side of the card front.

2. Die cut three Whisper White cs stitched triangles with the Stitched Triangles dies. Stamp the sentiment from the Timeless Tropical stamp set in Rococo Rose ink on one of the Whisper White cs stitched triangles. Use glue to adhere the triangles to the card front with the sentiment stitched triangle in the middle.

3. Punch two Rococo Rose cs flowers with the Medium Daisy Punch and then dry emboss them with the Tasteful Textile 3D embossing folder. Use the bone folder to gently curl the flower petals and then use glue dots to adhere them to the card front overlapping the top stitched triangle and DSP. Add Gold Glitter Enamel Dots to the flower center and the card front for sparkle.

4. Don't forget to add a Whisper White cs inside panel to write your message. I stamped the sentiment and added a strip of DSP to the inside and back of the card to pull the theme through.
