Project Recipe:

1. Start with a Cinnamon Cider cs card base. Cut the In Good Taste DSP panel & image panel layer, the Cinnamon Cider cs image panel layer, and the Very Vanilla cs image & inside panels you need to make this card.
2. Stamp the sentiment from the Walk in the Woods stamp set in Early Espresso ink in the bottom center of the larger In Good Taste DSP panel. Stamp the leaves in Cinnamon Cider ink (full & 2nd generation) and the two-step leaf in Early Espresso ink & Poppy Parade ink from the Beautiful Autumn stamp set across the top left corner of both the larger In Good Taste DSP panel and the Very Vanilla cs panel and the bottom of just the In Good Taste DSP to the right of the sentiment. Add a touch of green to the Cinnamon Cider leaves with the Light Just Jade Stampin' Blend.
3. Stamp the mushroom image and hedgehog image from the Walk in the Woods stamp set in Early Espresso ink on the right side of the Very Vanilla cs panel. Color the images with the Stampin' Blends.
4. Glue the stamped larger In Good Taste DSP panel to the card base. Glue the stamped Very Vanilla cs image panel to the In Good Taste DSP image panel layer and then to the Cinnamon Cider cs image panel layer. Use Stampin' Dimensionals to add the image panels to the card front.
5. Don't forget to add a Very Vanilla cs inside panel to write your message. Add a strip of DSP to the inside and back of the card. Stamp the sentiment from the Walk in the Woods stamp set in Early Espresso ink and stamp the leaf combination (to the top left of the panel and bottom right above the DSP strip in the inside & in the middle on the back) to the inside and to the back of the card to pull the theme through.
