Project Recipe:

1. Start with a Misty Moonlight cs card base. Cut a Whisper White cs panel and Snowflake Splendor DSP panel. Glue the panels together and then wrap them with a piece of Misty Moonlight ribbon using Stampin' Seal to secure the ends to the back of the panel. Then glue the wrapped panels to the card base.

2. Punch a Whisper White cs label and Misty Moonlight cs label with the Label Me Lovely Punch. Stamp the sentiment from the Snowflake Wishes bundle in Misty Moonlight ink on the Whisper White cs label. Use your paper snips to snip off the stamped Whisper White cs label's ends at the notches. Use Stampin' Dimensionals to attach the stamped Whisper White cs label to the Misty Moonlight cs label. Use more Stampin' Dimensionals to add the labels to the left of the card front overlapping the wrapped ribbon.

3. Tie a small bow with the Misty Moonlight ribbon and add it to the right of the sentiment labels with glue dots. Add rhinestones to the sentiment labels for sparkle.

4. Tie a small bow with the Misty Moonlight ribbon and add it to the right of the sentiment labels with glue dots. Add rhinestones to the sentiment labels for sparkle.

5. Don't forget to add a Whisper White cs inside panel to write your message. I stamped the small snowflake from the Snowflake Wishes stamp set & the Beautiful Autumn stamp set in Misty Moonlight ink. I also added a strip of DSP to the inside and back of the card to pull the theme through.
