[154578]  
\$7.00

**Stampin' Dimensionals**  
[104430]  
\$4.00

**Multipurpose Liquid Glue**  
[110755]  
\$4.00

## Project Recipe:

1. Start with a Real Red cs card base. Cut a Basic Black cs panel and a True Love DSP panel. Dry emboss the Basic Black cs panel with the Subtle 3D embossing folder and then glue it to the card base.

2. Cut the True Love DSP in two (the top being slightly smaller than the bottom half) and then glue the panels down - flipping one side so both sides of the DSP show. Cut the smaller Basic Black cs panel and dry emboss it with the Subtle 3D embossing folder. Glue the embossed panel across the card front overlapping the DSP transition.

3. Punch a Basic White cs heart and a Real Red cs scalloped heart with the Heart Punch Pack. Stamp the image from the Posted For You stamp set in Memento Black ink on the Basic White cs heart. Color the image with the Stampin' Blends and add Wink of Stella to the flower for sparkle. Glue the colored the Basic White cs heart to the Real Red cs scalloped heart. Attach the hearts to the center of the card front overlapping the embossed Basic Black cs panel using Stampin' Dimensionals. Add Real Red Resin Hearts embellishments to the card front.

4. Don't forget to add a Basic White cs inside panel to write your message. I stamped the sentiment and the small hearts from the Meant To Be stamp set on the inside panel. I also added a strip of DSP to the inside and back of the card to pull the theme through.
