## Project Recipe:

1. Start with a Magenta Madness Flowers For Every Season Memories & More Card base. Pick a Flowers For Every Season Memories & More Card panel and wrap it with a piece of Misty Moonlight In Color ribbon using Stampin' Seal to secure the ends on the back of the panel. Glue the wrapped panel to the card base.
2. Die cut a Basic White cs sentiment stitched label and a Misty Moonlight cs stitched label layer with the Stitched Nested Label dies. Use the Magenta Madness Stampin' Write marker to add ink to the 'Birthday' portion of the sentiment from the Happy Thoughts stamp set and then stamp it on the bottom of the Basic White cs stitched label. Add a 'Happy' sticker from the Flowers For Every Season Memories & More Card Pack above the stamped sentiment on the Basic White cs stitched label. Glue the Basic White cs stitched label to the Misty Moonlight cs stitched label layer and then use Stampin' Dimensionals to add the labels to the card front overlapping the wrapped ribbon.
3. Add a flower sticker from the Flowers For Every Season Memories & More Card Pack (I dusted the back of the sticker with my Embossing Buddy to remove the stickiness) to the bottom right of the stitched labels with glue dots and Stampin' Dimensionals. Add Wink of Stella to the sticker's flowers' centers for extra sparkle.
4. Tie a small bow with Misty Moonlight In Color ribbon and add it to the right side of the stitched labels with glue dots. Add 2020-2022 In Color Enamel Dots to the card front.

5. I stamped the sentiment from the Happy Thoughts stamp set in Magenta Madness ink on the inside of the card. I also added a strip of Flowers For Every Season DSP to the inside and back of the card to pull the theme through.
