Project Recipe:

1. Start with a Fresh Freesia cs card base. Dry emboss the the front of the card base with the Tasteful Textiles 3D embossing folder. Cut a Hand-Penned Designer Series Paper panel. Wrap the DSP panel long ways slightly off

center to the left with a piece of Highland Heather Grosgrain ribbon using Stampin' Seal to secure the ends on the back of the panel and then glue the wrapped panel to the embossed card base front.

2. Die cut a Basic White cs sentiment label and a Fresh Freesia cs sentiment label layer. Dry emboss the Free Freesia cs label with the Tasteful Textiles 3D embossing folder. Stamp the sentiment from the Elegantly Said stamp set in Misty Moonlight ink on the Basic White cs label. Use Stampin' Dimensionals to add the stamped Basic White cs sentiment label to the embossed Fresh Freesia cs label layer. Then glue the labels centered at the top of the card front overlapping the wrapped ribbon.
3. Tie a bow with the Highland Heather Grosgrain ribbon and attach it to the card front below the labels overlapping the wrapped ribbon. Add Loose Flower Flourishes to the Basic White cs sentiment label with glue dots.
4. Don't forget to add a Basic White cs inside panel to write your message. I stamped the sentiment from the Happy Thoughts stamp set in Misty Moonlight ink. I also added a strip of DSP to the inside and back of the card to pull the theme through.
