[159233]

\$10.00

Project Recipe:

1. For this card start with a Basic White cs card base. Cut a Basic Black cs panel layer, a Cute Halloween DSP panel layer, and a Basic White cs panel. Stamp the sentiment from the Clever Cats stamp set in Memento black on the top left side of the Basic White panel. Glue the stamped Basic White cs panel to the top of the DSP panel layer. Glue those panels to the Basic Black cs panel layer. Wrap the panels under the sentiment with the Metallic Mesh ribbon and use Stampin' Seal to secure the ends on the back of the panels and then glue the wrapped panels to the card base. Punch out a Black Glitter Paper cat with the Cat Punch. Add the punched cat along the lower left of the card front overlapping the DSP, ribbon, and Basic White cs panel. Die cut a Be Dazzling Specialty Paper pumpkin with the Seasonal Swirls dies and use a Black Stampin' Dimensionals to add it to the card front slightly overlapping the cat.

2. As this is a Basic White cs card I just added a strip of DSP to the inside and back of the card.
