Project Recipe:

1. For this card start with a Gray Granite cs card base. Cut a Basic Black cs panel layer and a Basic White cs panel. Stamp the moon image from the To the Moon stamp set in Gray Granite ink on the Basic White cs panel. Stamp the sentiment from the Frightfully Cute stamp set in Memento Black ink on the lower right corner of the Basic White cs panel overlapping the moon. Stamp the witch image from the Frightfully Cute stamp set in Memento Black ink on the left side of the Basic White cs panel overlapping the moon. Glue the stamped Basic White cs panel to the Basic Black cs panel and then glue the panels to the card base. Add Cute Stars Adhesive-Backed Sequins to the card front.

2. Don't forget to add a Basic White cs panel to write your message. I added a Cute Start Adhesive-Backed sequin and added a Basic Black cs strip to the inside and back of the card to pull the theme through.
