$4.00

Project Recipe:

1. Start with a Blackberry Bliss cs card base. Cut a Basic Black cs panel and a Beautifully Penned DSP panel. Glue the panels together and then wrap the panels with a Metallic Mesh ribbon using Stampin' Seal to secure the ends on the back of the panel. Glue the wrapped panels to the card base.

2. Die cut a Blackberry Bliss cs large flower, two Blackberry Bliss medium flowers, one Basic Black cs large flower outline, two Basic Black cs medium flower outlines, two large Basic Gray cs leaves, two large Basic Gray cs leaf outlines, and four small Basic Gray cs leaves with the Summer Shadows dies. Use glue to build the flowers and leaves. Use glue dots and Black Stampin' Dimensionals to build the floral bouquet and attach it to the card front overlapping the Metallic Mesh ribbon.

3. Stamp the sentiment from the Frightfully Cute stamp set in Blackberry Bliss ink on Basic White cs and fussy cut it out with paper snips. Glue the sentiment panel to Blackberry Bliss cs and fussy cut the sentiment panel layer with paper snips. Use Mini Black Stampin' Dimensionals and glue to add the sentiment panels to the center left side of the card front overlapping the wrapped ribbon and flower bouquet. Add Matte Black Dots to the card front. I also added a small Blackberry Bliss Striped ribbon bow (retired) under the sentiment panel.

4. Don't forget to add a Basic White cs inside panel to write your message. Stamp the sentiment from the Frightfully Cute stamp set in Blackberry Bliss ink and add a strip of DSP to the inside and back of the card to pull the theme through.
