## Project Recipe:

### 1. Simple ~

Start with a Thick Basic White cs card base and cut a Basic White cs panel. Stamp the images from the Eden's Garden stamp set in Mint Macaron ink on the bottom left corner of the Basic White cs panel. Stamp the sentiment from the Eden's Garden stamp set in Evening Evergreen ink on the Basic White cs panel. Glue the stamped panel to the card base.

2. I also stamped the images from the Eden's Garden stamp set in Mint Macaron ink on the right inside corner and back of the card to pull the theme though.

### 3. Casual ~

Start with a Thick Basic White cs card base. Cut a Mint Macaron cs panel and a Basic White cs panel. Stamp the images from the Eden's Garden stamp set in Mint Macaron ink on the bottom left corner of the Basic White cs panel. Stamp the sentiment from the Eden's Garden stamp set in Evening Evergreen ink on the Basic White cs panel. Dry emboss the stamped Basic White cs with the Timeworn Type 3D embossing folder. Glue the stamped embossed Basic White cs panel to the Mint Macaron cs panel and then glue them both to the card base.

4. I also stamped the images from the Eden's Garden stamp set in Mint Macaron ink on the right inside corner and back of the card. I also added an embossed Mint Macaron cs strip to the inside & back of the card to pull the theme though.

### 5. Avid ~

Start with a Mint Macaron cs card base. Cut both Basic White cs panels and the Ever Eden Specialty DSP panel. Stamp the images from the Eden's Garden stamp set in Mint Macaron ink on the bottom left corner of the smaller Basic White cs panel. Dry emboss both Basic White cs panels with the Timeworn Type 3D embossing folder. Glue the stamped embossed Basic White cs panel to the Ever Eden Specialty DSP panel, glue them to the embossed Basic White cs panel, and then glue them to the card base.

6. Cut a Basic White cs sentiment panel. Die cut a sentiment Ever Eden Specialty DSP edge sentiment layer with the Eden dies. Stamp the sentiment from the Eden's Garden stamp set on the Basic White cs sentiment panel in Evening Evergreen ink. Drag the sentiment across the Evening Evergreen ink pad adding color to the sentiment's edges. Glue the sentiment panel to the DSP edge sentiment layer and use paper snips to cut off the excess so that the edge layer is flush with the sentiment panel. Use Stampin' Dimensionals to add the sentiment panels to the card front. Add Garden Gems to the card front.
7. Don't forget to add a Basic White cs inside panel to write your message. Stamp the images from the Eden's Garden stamp set in Mint Macaron ink on the right inside corner and back of the card.
