Project Recipe:

1. Start with a Mint Macaron cs card base. Cut a Polished Pink cs panel and a Whimsy & Wonder Specialty DSP panel. Glue the panels to the card base. Glue a Wonderful Snowflake snowflake to the right side of the card base in the middle.

2. Cut a Basic White cs sentiment panel and then stamp the sentiment from the Poinsettia Petals stamp set in Misty Moonlight ink. Cut a Polished Pink cs sentiment layer panel and gently tear the bottom edge. Be sure that you leave enough cardstock to frame the sentiment.
3. Use Stampin' Dimensionals to add the sentiment panel to the torn edged panel and then glue the panels to the card front overlapping the snowflake. Add Opal Rounds to the card front for extra sparkle
4. Don't forget to add a Basic White cs inside panel to write your message. I added the sentiment from the Whimsical Trees stamp set to the inside with Misty Moonlight ink. I added a strip of Specialty DSP to the inside and back of the card to pull the theme through. You can mail your Slimline card in a standard number 10 business (4.13" x 9.5") envelope.
