## Project Recipe:

1. Start with a Soft Succulent cs card base. Cut a Basic White cs panel, an Ever Eden Specialty DSP panel, and a Cherry Cobbler cs panel and glue them to the card base with the Cherry Cobbler cs panel glued across the other panels just above the middle of the card front.
2. Die cut a Gold Shimmer Vellum label and a Basic White cs label with the Stitched So Sweetly dies. Stamp the sentiment from the Holly Jolly Wishes stamp set in Evening Evergreen ink on the Basic White cs label. Glue the stamped label to the Gold Shimmer Vellum label and then use Stampin' Dimensionals (being sure to leave the top left corner free for the ribbon) to add the labels to the card front centered overlapping the Cherry Cobber cs panel.
3. Cut two pieces of Cherry Cobbler & Gold Metallic ribbon and a piece of Gold Shimmer ribbon. Use glue dots to create loops and to tuck them under the top left corner of the labels. Add Holiday Rhinestone Basic Jewels to the card front.
4. Don't forget to add a Basic White cs inside panel to write your message. I stamped the sentiment from the Holly Jolly Wishes stamp set in Evening Evergreen ink and added a strip of Specialty DSP to the inside & back of the card to pull the theme through.
