Project Recipe:

1. Start with a Soft Succulent cs card base. Cut a Basic White cs panel, dry emboss it with the Merry Melody 3D embossing folder, and then glue it to the card base.
2. Die cut an Ever Eden Specialty DSP scalloped rectangle and a Basic White cs sentiment scalloped rectangle with the Stitched So Sweetly dies. Stamp the sentiment from the Holly Jolly Wishes stamp set in Evening Evergreen ink on the Basic White cs scalloped rectangle. Cut a piece of Soft Succulent Open Weave ribbon and use glue dots to shape it and add it to the back of the stamped Basic White cs scalloped rectangle.
3. Use Stampin' Dimensionals to attach the sentiment scalloped rectangle to the Specialty DSP scalloped rectangle. Then use glue to attach the scalloped rectangles to the lower right corner of the card front. Color Holiday Rhinestone basic jewels with the Dark Soft Succulent Stampin' Blend and add them to the card front.
4. Don't forget to add a Basic White cs inside panel to write your message. I stamped the sentiment from the Holly Jolly Wishes stamp set in Evening Evergreen ink and added a strip of Specialty DSP to the inside & back of the card to pull the theme through.
