Project Recipe:

1. Start with a Misty Moonlight cs card base. Cut a Balmy Blue cs panel. On a sheet of Shimmery White cs stamp the snowflake images from the Snowflake Wishes stamp set in Misty Moonlight ink, Balmy Blue ink, and Pool Party ink on the Shimmery White cardstock and then cut to size to create a DSP panel. Glue the stamped panel to the Balmy Blue cs panel and then glue the panels to the card base.

2. Cut a Shimmery White cs sentiment panel and a Misty Moonlight cs sentiment panel layer. Stamp the sentiment from the Snowflake Wishes stamp set in Misty Moonlight ink on the sentiment panel. Use Stampin' Dimensionals to add the sentiment panel to the Misty Moonlight cs panel layer. Add Stampin' Seal to the back of the Misty Moonlight cs panel layer to loop a piece of Misty Moonlight/silver Baker's Twine (from the Flowers for Every Season ribbon combo). Use more Stampin' Dimensionals to add the sentiment panels to the card front. Add Opal Rounds the card front for extra sparkle.

3. Don't forget to add an inside panel to write your message. Stamp the sentiment & the snowflakes from the Snowflake Wishes stamp set in Misty Moonlight ink and add a strip of the created DSP to the inside and back of the card to pull the theme through.
