## Project Recipe:

1. Start with a Pacific Point cs card base. Cut a Basic White cs panel and a Waves of the Ocean Designer Series Paper panel. Stamp the wave image from the Waves of Inspiration stamp set (I used my Stamparatus) on Basic White cs in Pacific Pointe ink and then use paper snips to fussy cut out the image. Glue the wave to the DSP panel. Cut a piece of Night of Navy Foil Specialty paper (2 1/2" x 5 1/2") and apply a matching piece of the Adhesive Sheet (2 1/2" x 5 1/2") to the back of the foil. Die cut out a wave (with the straight edge) from the adhesive backed foil with the Waves dies. Die cut out a Basic White cs wave (with the curve edge) with the Waves dies. You can also add an adhesive sheet to the Basic White cs panel- in the video I used glue instead. Add the Night of Navy foil wave layer onto the stamped wave. Add the Basic White cs wave layer over the foil wave layer (with glue or an applied adhesive sheet). Glue the DSP layer to the Basic White cs layer and then glue them to the card base.

2. Die cut a Basic White cs circle label with the Tasteful Labels dies. Stamp the sentiment from Paradise Palms stamp set in Pacific Pointe ink on the label. Add So Saffron ink to the label with a blending brush. Die cut out Basic White cs clouds and Smoky Slate cs seagulls with the Waves dies.

3. Use glue and Stampin' Dimensionals to add the clouds, sentiment label, and seagulls to the top right of the card front. Add Rhinestone Waves Basic Jewels to the card front.

4. Add a Basic White cs inside panel to write your message. Stamp the sentiment from the Paradise Palms stamp set in Pacific Pointe ink. Stamp seagulls from the Waves of Inspiration stamp set in Smoky Slate ink and add a strip of DSP to the inside panel & back of the card to pull the theme through.
