Project Recipe:

1. Start with a Calypso Coral cardstock card base. Cut a Inked Botanical Designer Series Paper panel and Very Vanilla cardstock inside panel. Glue the Inked Botanical Designer Series Paper panel to the card base. Punch a window in lower right side of the card front with the star punch from the Inked & Tiled Punch Pack. Line the Very Vanilla cardstock inside panel up (without gluing it in) and make a small mark with a pencil through the window in the card front onto the inside panel so you know where to stamp your rooster image.

2. Then stamp the rooster from the Hey Chuck stamp set in Memento Black onto the inside panel (remember to erase your pencil mark). Color the rooster with Stampin' Blends and add Wink of Stella for sparkle. Cut and add a strip of Inked Botanicals Designer Series Paper down the left side of the inside panel. Mask off (using a sticky note or Masking Paper) the a section of the sentiment from the Hey Chuck stamp set so only the part of the sentiment to be stamped is visible inked in Memento Black ink (or use the Basic Black Stampin' Write Marker) and stamp it on the inside panel under the rooster (be sure you remove your mask before stamping). Then glue the inside panel into the card.

3. Cut a Calypso Coral cardstock strip and glue it to the card front from the edge of the card base to the left of the window on the card front. Die cut a Crushed Curry cardstock sun with the Hey Chuck dies. Glue the die cut sun to the card front to the left of the punched window overlapping the Calypso Coral cardstock strip. Die cut a Very Vanilla cardstock stitched banner with the Stylish Shapes dies. Mask off (using a sticky note or Masking Paper) the a section of the sentiment from the Hey Chuck stamp set so only the part of the sentiment to be stamped is visible inked in Memento Black ink (or use the Basic Black Stampin' Write Marker) and stamp it on the stitched banner (be sure you remove your mask before stamping). Use Stampin' Dimensionals to add the stitched banner to the left side of the window on the card front overlapping the die cut sun and Calypso Coral cardstock strip. Add 2023-2025 In Color Dots to the card front.
